Description

The **KONAMI** Code

You remember it growing up as a kid! You racked your brain for minutes trying to remember all those button presses!

You then pressed them many times in Gradius! And of course added the all-important SELECT button during late night Pepsi-induced sleepovers playing Contra with a friend! Well, now you can own it!

That's right.. up (no pun intended) for auction is the infamous **KONAMI** Code. The patent ran out and I snatched it up. Now it can be yours! Winner of this auction will have all future rights to use

up up down down left right left right b a start however they please.

Imagine the look on your friends face when they say "up up down down.." oh wait won't be able to say it anymore because you'd pull out that trump card and sue their ass.

Think of the possibilities at work when your boss makes you stay late on Saturday.. you do your

KONAMI Code and BAM! you get 30 lives! Now you can do it all! Get your work done, go to shoot pool with the boys, be at home with the wife and kids, and 27 other things simultaneously!

This auction is a joke and not in any way affiliated with Konami. Nobody should bid on it as it's a contest sponsored by Digitpress.com. Thanks for looking.
