## Description

Now this is RARE! You are bidding on actual JPEG photos of a NES Top Loader! Since the machine itself is so difficult to get even at a reasonable price, why not just buy JPEG photos instead? They are much more compact than the top loader system itself! You can just take the floppy disk with the pictures on it and enjoy looking at the top loader anywhere you go! Sure, you can't actually play the photos, but you can look at the picture of the back of the box which has even more pictures of games! Game pictures include: Kirby's Adventure, Super Mario Bros 3, Super Mario Bros 2, Tetris, Yoshi's Cookie, Dr. Mario, and Tetris 2. That's seven Nes game pictures in all! What an incredible deal! You get:

- 1.> A PHOTO of the front of the box!
- 2.> A PHOTO of the back of the box!
- 3.> A PHOTO of the system brand new in it's carton!

And if you think you can simply right click on these pictures and hit "save as", well you can...BUT...they won't be the exact same ones I have here on my own hard drive! You will get all three JPEG images on a formatted AOL floppy disk. Don't let this auction past you by. Winner pays \$25 shipping, \$10 insurance, \$8 for packing materials, \$5 for the disk, \$3 for me to copy them to the disk, \$15 for me to give my brother for borrowing his digital camera, \$40 so I can go to the bar on the weekend, and \$10 for gas so I can get to the Post Office to deliver your disk! Good luck!
